A Plain Language workshop for
People labelled with intellectual disabilities
on The Ombudsman's Report
on Developmental Services

Wednesday October 5

10am - 1pm

ARCH Disability Law Centre

55 University Ave 15th Floor, Toronto

In August the Ombudsman put out a report about Developmental Services. It says that Developmental services needs to change. It says people with disabilities are being put in crisis with nowhere to turn.

Come learn about what else we can do to change things!

Hosted by Respecting Rights, a project at ARCH.
